Huis Maerua Children's Home, based in Windhoek, Namibia, provides a safe and nurturing environment for children who have been legally removed from their families due to social and welfare concerns. We are licensed to accommodate up to 24 children, currently ranging in age from 1 to 20 years.

Many of our children have experienced significant neglect and require additional developmental support across various areas of their lives. While in our care, we are committed to providing them with the best possible upbringing—offering a secure, loving, and joyful home.

Our mission extends beyond basic care; we strive to ensure each child receives a quality education and has the opportunity to participate in sports and extracurricular activities, fostering a well-rounded development.

As we are solely responsible for covering all their financial needs, we rely heavily on the generosity of donors and sponsors to continue our work.
